Description of the organization :

Non- governmental organization MOTHER FLOWER was established in 2.2.2018 as a Citizens Civil Law Association and registered by the Ministry of Interior of the Slovak Republic. Its main focus lies on the enhancement of active citizenship for care, protect, prevent and increase environmental awareness.

Our team is full of innovative spirit that deeply desires to encourage young people to environmental initiative or volunteer abroad. We truly believe that this can significantly help to the personal development of each youngster or young adult and international experience required this way is the right tool to deal with pollution, Global warming and prejudices - still presented in our society, particularly in central Europe.

MF mission is to raise awareness among young people about environmental problems, solutions. Every our Activity leads to the main goal: make people act with respect to nature.

On the local level, we focus on elementary schools, youth and similar organisations. We support youth's ability to participate actively in society. On a regular basis, we organize workshops, competition between schools and introduce these awareness approaches to students, youth leaders, and youth workers.

On the international level, we prepared Erasmus + projects, cooperation's cross Europe to share experiences, good examples and improve environment awareness

On the global aspect we involved Slovakia to biggest movement in history world cleanup day

What are we doing ?

Organizing youth exchange, training course / Seminars / Job Shadowing / Contact Making Seminars or Partnership Building Activities in Slovakia, Europe

Organizing local projects in Slovakia (seminars, workshops related to our mission)

Collaborating and cooperating with local educational centers, writing and managing projects, searching for partners, organizing events in the frame of E+

Collaborating and cooperating with universities and educational institutions, searching partners for KA1/ KA2 projects, organizing events in the frame of E+. **Strategic partnership** project Europe goes local, and have started cooperation with the city council and regional experts in the field of youth work with the aim to elaborate Youth work strategy for Žilina Region (2018-2020). This close cooperation gave the base to the creation of the project. Where MF has taken the role of coordinator and applicant.

Sending participants to various short-term mobilities (seminars, study visits, training course, youth exchanges) e.g. KA105 Mobilities of Youth & Youth workers in the frame of Erasmus+

Erasmus+

Our projects:

Erasmus+ : "EcoYOUTH"

The project "EcoYOUTH" gathered youth workers from the EU and neighboring countries to practice and discuss the methods of making youth work (and their organizations) more eco-friendly and more sustainable . Two parts of the project were held in Armenia and Luxembourg in 2021.Organizing local projects in Slovakia (seminars, workshops related to our mission)

Erasmus+ : "Urban Jungle"

The youth exchange will bring together 25 international young people to raise awareness about the benefits of green urban spaces among young adults, The "Urban Jungle" project will provide a suite of green interventions using creative approach. We will be using interactive non-formal education methods in a multicultural context, as well as practical activities, through which young people can learn by experimenting and experiencing.

Erasmus+

PIC NUMBER: 906198542

Competition: "FUTURE NATURE"

Activity focused on building real value of Environment and developing soft skills to pupils - communication skills, personal development and team work. We connect theoretical information from school with practical experiences during preparation, realisation and promotion clean up (protection, prevention)

Events: "World clean up day"

We organized clean up days (mostly Slovakia and Cyprus) Activity focused on building real value of Nature and show society impact of capitalism, consume, what we produce and increase.

Erasmus+: "Nature Calling"

We organized youth exchange with environmental topic to share our experiences and good examples how it could be works

Erasmus+: "Back to Green Land"

The idea and initiative of 'Back to Green Land' originated from young people who want to intensify the attention amongst their peers about existing climate change and strengthen the awareness of how this significant threat is facing the entire planet.

Erasmus+

PIC NUMBER: 906198542

“Back to Green Land” aim is to aid youth to further understanding of what is climate and how the human can contribute to climate variability. To let young people learn from our planet and its resources, exchange about efficient methods how to protect environment simultaneously enhancing the positive aspects of natural green land.

Erasmus + : “Be Sustainable, don’t
WASTE your future”

Environmental protection, sustainable development, smart and responsible use our resource. This training course based on the non-formal education gather 33 participants coming from 10 countries representing: the hosts Academy of Success - Bulgaria; Udruga Ludbreg - Croatia; Green Spirit - Greece; Euro Sud - Italy; Tavo Europa - Lithuania; Eko-Zhivot - North Macedonia; RCV Kielce - Poland; GEYC - Romania; MOTHER FLOWER - Slovakia and Youth Seasons - Turkey.

Erasmus +: “Urban Gree+n”

Given the opportunity we have to promote eco-green activities and biodiversity we selected two partners from TR and SK who have expertise in green projects , especially on biodiversity.

Erasmus+

PIC NUMBER: 906198542

Given needs analysis that was done in the Writing Stage of the project. We decided development of activities for project KA210.

Erasmus+ : "EGO vs ECO"

The initiative and idea of "EGO VS ECO" originated from young proactive people who want to emphasize the importance of existing worldwide pollution issues and develop pro-environmental behaviour amongst their peers to reduce harmful actions both in their community and globally. Together step by step we aim to change the current threat from pollution to a solution.
